

BRIDGE & ROOF CO.(INDIA) LTD.
(A GOVT. OF INDIA ENTERPRISES)

HEALTH , SAFETY & ENVIRONMENT (HSE) POLICY.

Every effort shall be made to provide and maintain accident free, healthy working condition and working system at work places to protect all employees, customers, vendors, visitors and local community from any kind of physical or mental harm/injuries including ill health.

Shall identify the hazards at workplace and evaluate the risk involved in it so that it could be mitigated to prevent any kind of unwanted incident.

Shall comply with all pertinent environmental and safety laws, rules and regulations including customer's requirements, not just because it is legally required, but also because we believe it is the responsible way to conduct our business.

Every effort shall be made at all levels to ensure that the surrounding environment is not polluted by the project activities of B&R.

There shall be continuous effort to train and educate the employees regarding prevention of accidents and shall also promote awareness on HSE amongst employees to develop a proactive approach towards maintaining health, safety and environment at its highest level.

Shall ensure that high priority is placed on emergency preparedness so that in case of any incident, it can be responded to in a timely and effective manner.

Shall monitor, revise and reemploy OHS systems and Environmental Assessments on a regular basis.

Shall routinely review and verify performance with inspection/audits.

Shall set HSE targets and goals to measure our performance, to achieve superior results and to continually improvise.

HSE TARGETS

Zero accident at workplace.

To imbibe and sustain a positive and responsive attitude amongst employees towards retaining sound HSE system.

Hundred percent incident reporting from all level of employees.
